

Hidden Disabilities and the Sunflower Initiative

We understand that a hidden disability is not immediately apparent. If you would like support or advice from Amilla, our Inclu-Manager is your main point of contact. Or please contact us in advance with your questions via inclusive@amilla.com

Our team is part of the Sunflower Initiative. If we see a sunflower, we will ask if we can be of assistance.

Do you or your family require a storyboard to assist with a smoother travel experience?

This is something we can assist with and discuss prior to your arrival.

Do you have a need for a quiet space?

Amilla is a large island with very few villas and plenty of space between each building. With only 25% of the island developed, we have many quiet and calm spaces in the jungle and on our 'secret' beaches.
