

Maldives Cultural Week at Amilla

20th -26th July 2023

Amilla's unique festival was started in 2021, and we are excited to announce the third annual Maldives Cultural Week from 20 July till 26 July. This encompasses Maldives Independence Day as well. As a locally owned and operated resort we are the only property offering this event. We want to offer our guests the opportunity to experience the real culture of the Maldives. through cultural workshops, games, music and culinary treats all while supporting local businesses.

You can join in by playing the traditional sports games Bashi and Thin Mugoali; be creative during the lacquer art and wood carving workshops with Shihab and explore the collections of the Maldivian designers at the pop-up store. In the meantime, don't miss out on the wonderful painting classes given by Maena, our visiting artist, and visit the first mosque in the Maldives and the national heritage museum during the Local Island Visit.
